

Special Fund Drive....

Kennels for the New Yonkers Animal Shelter

The City of Yonkers is working tirelessly to add 13 additional kennels to the new shelter. Due to budget constraints it cannot build the addition now. However, the extension is needed as soon as possible so that all dogs can be accommodated especially large dogs. We are working with the City of Yonkers so that the addition can be incorporated as soon as possible.

Building Hope has set up a special account for all donations that will go directly towards the additional kennels.
